Among the Roumanian Peasants.

TYPICAL ROUMANIAN COSTUMES OF THE CARPATHIAN AND BANYAN MOUNTAINS.

The Roumanian peasant is a pleasantly dressed man. His costume is white. The women are according the style of the East, and are made to fit with numerous wrinkles. The dress is made to hang loose, and the woman's hair is pulled up, the head with a red hat. The head is a part of military caps, usually of black wood or leather, through it.
